Why TRADePASS?

THE PROBLEM

Skilled on site. Stuck proving it off it.

Your experience is valuable, when a new employer, client, RTO or a regulator wants proof of what you can do, don't waste time trying to gather evidence scattered across various job sites or needing to rely upon word of mouth, only to end in a scramble for paperwork. Be prepared, first impressions count.

TRADePASS turns your real-world experience into **verified evidence** — one trusted profile, ready to back you up and prepared for submission to Registered Training Organisations for certification.

SKILLED TRADIES IN AUSTRALIA — MANY NOT YET FORMALLY RECOGNISED.
